

8.5"

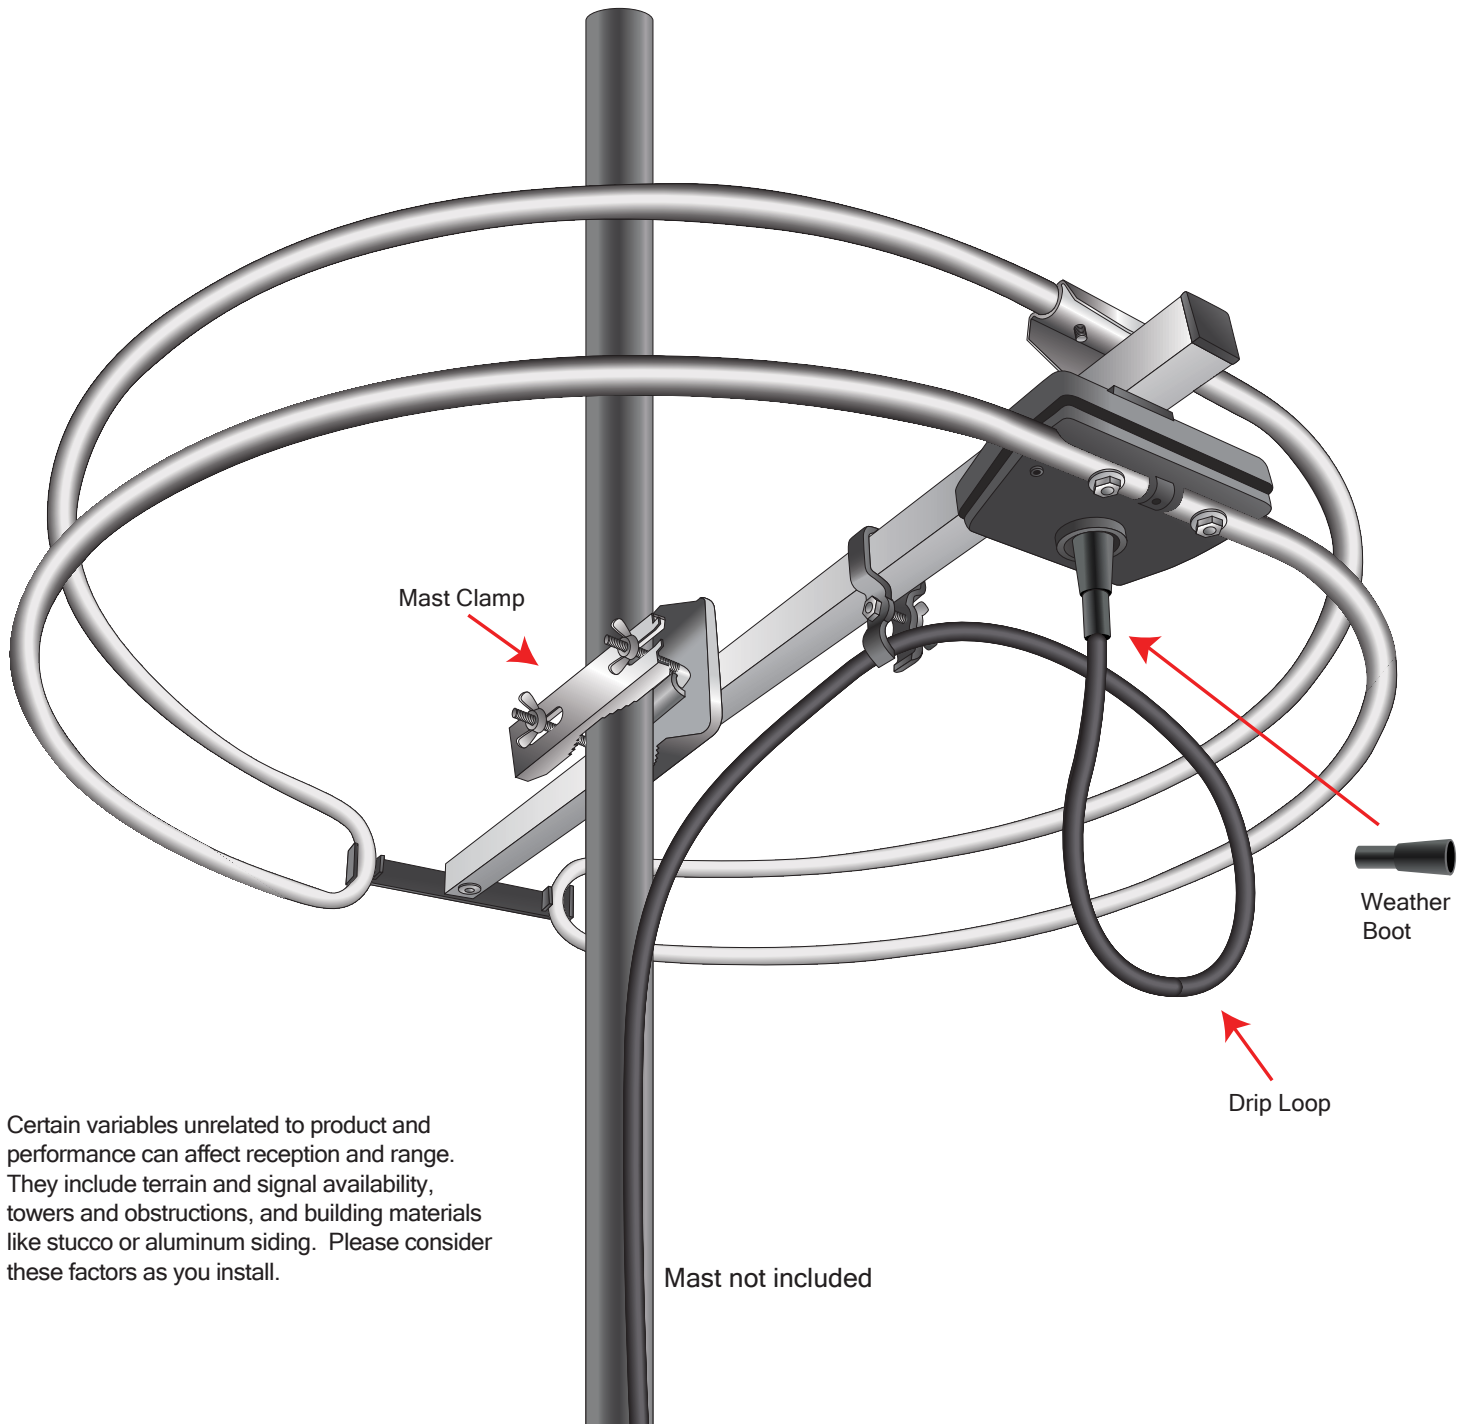

Quick Start Install Instructions

FM 360° FM Radio Antenna

Before attaching the antenna to any surface, TEST RECEPTION in that area.

Connect the antenna to the FM receiver and run a full channel scan.
If reception is not as desired move the antenna and rescan receiver.

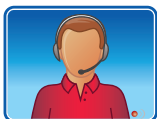

11"

Certain variables unrelated to product and performance can affect reception and range. They include terrain and signal availability, towers and obstructions, and building materials like stucco or aluminum siding. Please consider these factors as you install.

Warning! Keep Away From Power Lines.
