HDTV HIGH GAIN INDOOR ANTENNA

CLEARSTREAM™ MICRON R™

The Micron R™ is our #1 recommended indoor antenna. It is designed for those living in urban areas or lower-level homes, who experience multipath interference. The precision engineered reflector focuses 2X more broadcast signal through the antenna. This indoor antenna offers customizable setup to meet individual preferences and reception needs. CLEARSTREAM™ technology results in an indoor antenna with unsurpassed HDTV performance. For its size and affordability, you won't find a better indoor antenna.

- Patented Reflector for increased gain and interference protection
- Easy set-up
- Wide reception patterns with or without reflector
- Range of 35 miles
- 100% compatible with all DTV tuners and converter boxes.
- Lifetime Warranty
