

Antennas Direct Inc.  
Lifetime Limited Warranty

Antennas Direct Inc. warrants our antennas against any defects in materials or workmanship for as long as you own the product. No warranty claim will be honored unless at the time the claim is made you present proof of purchase from an authorized Antennas Direct Inc. dealer.

Antennas Direct Inc. will either repair or replace the defective product at no charge to you. This warranty covers parts, but does not cover any costs incurred in removal or reinstallation of the product. This limited warranty does not apply if the product is damaged or fails from: misuse, improper installation, abuse, and modification of the product as originally manufactured by Antennas Direct.

Antennas Direct Inc. will not assume any liabilities for any other warranties, expressed or implied by any other person.

The foregoing shall be the sole and exclusive remedy of any person, whether in contract, tort or otherwise, and Antennas Direct Inc. shall not be liable for incidental or consequential damage or commercial loss, or from any other loss or damage as set forth above.

## Congratulations On Your Purchase!

Antennas Direct was founded on and operates under the premise of providing true, ultra high performance. Digital and HDTV Antenna systems specifically tuned for core DTV frequencies.

Our antenna lines have been widely recognized by broadcast engineers and industry publications for their superior design and performance for DTV.

As a member of the Inc. 500 list for 2008, we have invested significant resources into the discovery and implementation of new antenna technology and continue to test and modify antenna designs raising the bar by which antenna performance and appearance are measured.

By continuing to push the physics of television reception for higher gains in smaller packages, our extensive line of high gain, over-the-air antennas is rapidly becoming the obvious choice for any consumer or installer that demands quality, functionality, and reliability.

If you would like more information about our quality products visit our website:

## Before attaching the antenna to any surface, TEST RECEPTION in that area.

Connect the antenna to the TV or receiver and run a full channel scan. If reception is not as desired move the antenna and rescan TV/receiver.

### The ClearStream Micron Indoor Antenna comes with:

1. Antenna
2. Stand/mounting bracket
3. Flush mounting bracket
4. Mounting hardware

### Table Top Use:

1. Place antenna into base as shown in fig.1.

2. Tabs in base will fit into grooves on back plate of antenna. Fig.2.

3. Connect cable to TV or receiver. 4. Perform channel scan TV or receiver tuner. Refer to your TV/receiver owners manual for instructions. 5. If reception is not as desired move antenna and rescan the TV or the receiver.

### Flush Wall Mount

1. Remove insert from base at center holes. Fig. 3. 2. Use insert as a template to mark center mounting holes on wall.

Fig. 3

Fig. 3a

Fig. 4

4. Hang antenna on the wall. 5. Connect cable to TV or receiver.

6. Perform channel scan TV or receiver tuner. Refer to your TV/receivers owners manual for more instructions

### Raised Wall Mount

Fig. 5

1. Remove insert from base at center holes. Fig. 3. 2. Use insert as a template to mark center. 3. Mounting holes on wall. Screw hanging screws into the wall and back out far enough to allow insert to attach to the wall. 4. Reattach insert to base. 5. To attach insert to antenna, screw long screws provided into back of antenna using 2nd holes from top and bottom. Fig. 5. 6. Hang antenna on the wall. 7. Connect cable to TV or receiver. 8. Perform channel scan.
