Quick Start Assembly/Installation Instructions

CLEARSTREAM™ JUICE4

4-OUTPUT HDTV/CATV DISTRIBUTION AMPLIFIER

Before beginning assembly, make sure all parts needed are present.

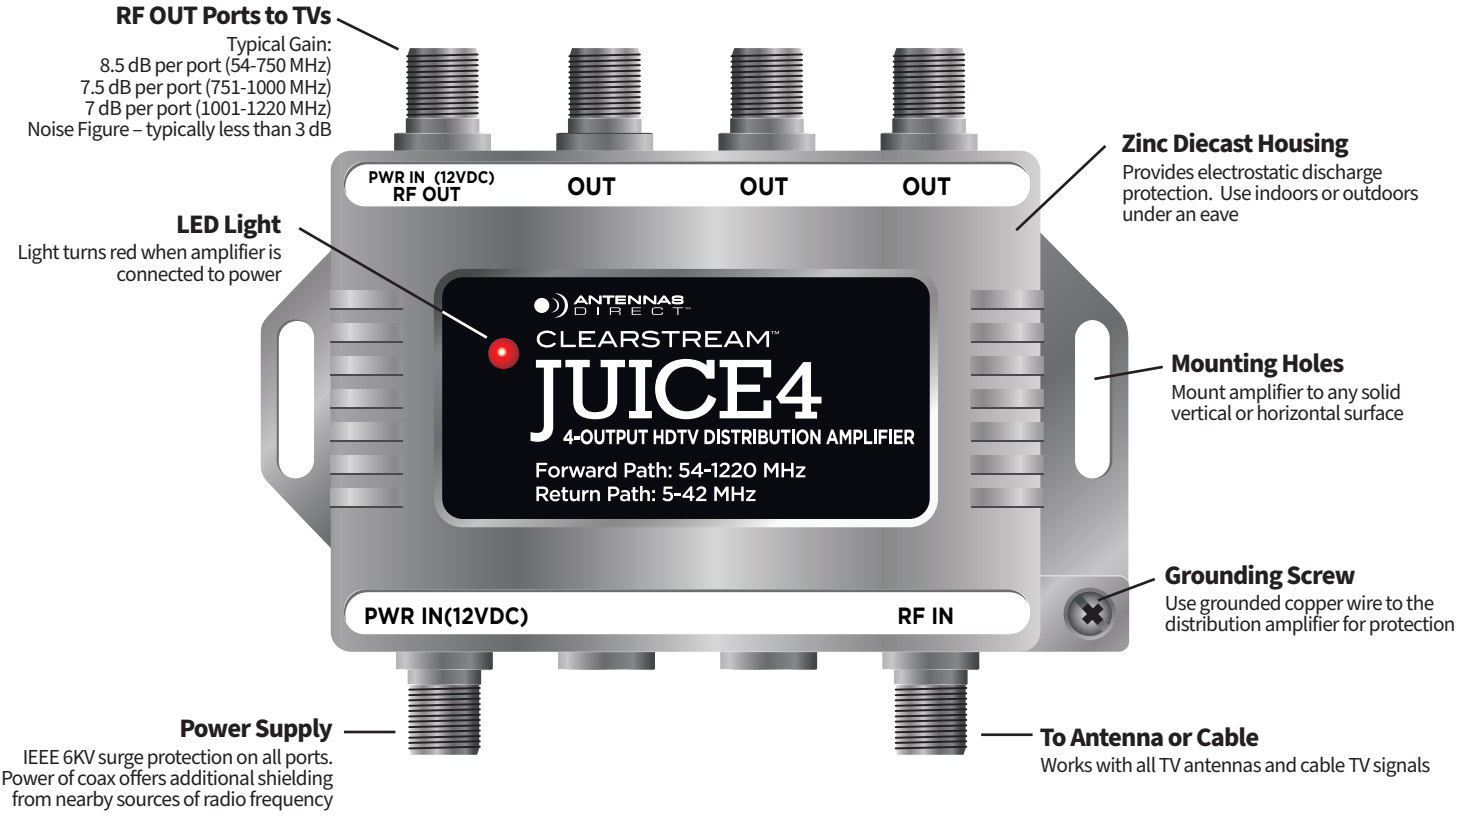

READ BEFORE INSTALLATION:

Before permanently attaching the distribution amplifier to any surface, make sure you install the device in a central location to service all your TVs.

This Package Contains:

- 4-Output HDTV Antenna Distribution Amplifier
- 40 in. Coaxial Cable
- Power Supply (for indoor use only)
- 2 Wall Screws
- 1 Grounding Screw (shown below)

INSTALLATION TIPS:

The JUICE4 meets water-proof standard IP64 and is fully protected against dust ingress as well as water splashes from any direction.

Before permanently installing the distribution amplifier, find a location to serve as a central distribution point for the amplifier. Install the distribution amplifier on a solid surface using the wall screws.

Make all the coaxial cable connections to the 4-output distribution amplifier before plugging the device into a wall outlet.

Once the power supply is plugged in, the amplifier is on. There is no on/off power switch. The LED light should be illuminated.

WARNING: RISK OF ELECTRICAL SHOCK. Do not open the zinc housing. Do not expose the distribution amplifier directly to water/rain.

Warning! Keep Away from Power Lines.

TV RECEPTION CAN BE AFFECTED BY OBSTRUCTIONS OR DISTANCE BETWEEN YOUR HOME AND BROADCAST TOWERS.

MODEL # JUICE4

Amplifier Regulatory Notice: This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this device.

This equipment has been tested and found to comply with the limits for a Class B Digital Device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communication. However, there is no guarantee interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
1. Reorient or relocate the antenna.
2. Increase the separation between the equipment and converter box.
3. Connect the equipment into an outlet on a different circuit from which the converter box is connected.
4. Consult the dealer or an experienced radio/TV technician for help.

Antennas Direct™ Inc.
Limited 90-Day Warranty

Antennas Direct™ Inc. warrants this product against any defects in materials or workmanship for ninety (90) days. No warranty claim will be honored unless, at the time the claim is made, you present proof of purchase from an authorized Antennas Direct™ Inc. dealer.

Antennas Direct™ Inc. will either repair or replace the defective product at no charge to you. This warranty covers parts but does not cover any costs incurred in the removal or reinstallation of the product. This limited warranty does not apply if the product is damaged or fails due to: misuse, improper installation, abuse, and modification of the product as originally manufactured by Antennas Direct.

Antennas Direct™ Inc. will not assume any liabilities for any other warranties expressed or implied by any other person. The foregoing shall be the sole and exclusive remedy of any person, whether in contract, tort, or otherwise, and Antennas Direct™ Inc. shall not be liable for incidental or consequential damage or commercial loss, or for any other loss or damage, as set forth above.
