- ✓ Voice search and one-touch access to Netflix and Google
- ✓ Control your AirTV Player, TV and sound system with the AirTV Player remote

INTEGRATED WITH

NETFLIX

Chromecast built-in

*Watching local channels requires an AirTV Player, AirTV Adapter and an antenna (sold separately). Local Channel DVR requires an external hard drive (sold separately). Local channel signals vary based on location. Netflix and Sling TV require separate subscriptions and an Internet connection. Google Play and the Google Play logo are trademarks of Google LLC.

WATCH FREE LOCAL TV

Want big name channels without the bill? With AirTV Player, AirTV Adapter and an antenna, you can easily get HD channels without the monthly subscription.

How it works:

LOCAL CHANNEL DVR

Never miss a show or event! Add an external hard drive to begin recording local channels.

- **Single-tuner Adapter (optional)** – Watch one local channel and record simultaneously.
- **Dual-tuner Adapter (optional)** – Watch one local channel and record another at the same time.
- **Functionality** – Pause, rewind or fast-forward recorded local channel content, and set single-episode or entire-series recordings right from the Sling TV guide.

*Local Channel DVR requires an external storage device to record (sold separately). Hard drives must be larger than 50 GBs and no larger than 1 TB for DVR.

What's in the box:

1 AirTV Player & remote
1 AirTV power supply
1 HDMI cable
1 Quick start guide

Optional adapters:

1 Single-tuner adapter or
1 Dual-tuner adapter

What you'll need:

- Adapter for local TV
- External hard drive for DVR
- HD antenna for local TV
- Internet access with WiFi
